Claims 5-7, 9-16, 21-23, 26-33, 38-40, 42-62, 67-69, 72-76, 78, 80, and 82-84 remain pending in the application. Applicant respectfully requests reconsideration in view of the amendments above and these remarks.

INTERVIEW SUMMARY

Examiner Zweizig is thanked for the interview, which was conducted with Applicant's representative, Mr. Kirkland, on July 20, 2005. During the interview, claims 1-5 and the Hoshino and Kwon reference were discussed. The Kwon reference (US Patent No. 6,856,204) was not previously of record in the application. The reference was brought to the attention of Applicant's representative by the Examiner just prior to the interview. Applicant has submitted the Kwon reference as part of an IDS filed with this response to formally place the reference in the record.

Claims Objections

Applicant notes with appreciation that claims 5-7, 9-16, 21-23, 26-33, 38-40, 42-49, 67-69, 72-76, 78, 80 and 82 were merely objected to as being dependent on a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant has amended these claims to be in independent form to include all the limitations of the base claim and any intervening claims. Applicant respectfully asserts that these claims are now in allowable form.
